## ROE

Ever since he was a little girl, Roe knew he wanted to be a Gay Guy with the influence to spread misinformation to at least one other Gay Guy. The following project was born less from journalistic passion, but more a deep sense of confusion about whether this bit has gone on too long.

## MILO

MILO is a doctoral candidate researcher in Theoretical Physics at Queen Mary University of London, but thanks to an overinflated sense of self-confidence they believe that people are genuinely interested in what they have to say. They have not written more than 150 consecutive words since 2022 when they bought a porridge pot on a train to Glasgow and felt the need to formally complain about it.
